Issue 0214

Thank you for choosing this product manufactured by the UK's largest manufacturer of timber garden products. In order to gain the most benefit from it, please note the following:

- Exercise particular care and follow instructions.
- This product is pressure treated to ensure longevity of all components and to protect against rot. This may leave a colour difference as on some parts as that will even out as the moisture content stabilises. For extra protection from the elements we recommend that you treat your structure using a wood preservative treatment. Apply in accordance with the manufacturers instructions.
- In line with your statutory rights, please check all parts prior to assembly, as assembly of damaged parts may be deemed to be acceptance and this may affect the remedies you are entitled to. If the product is not constructed in accordance with the instructions, or is altered in anyway (eg painted), the manufacturer cannot be held liable for any resulting damage
- Please keep all plastic bags and small parts away from children in order to reduce the risk of suffocation.
- **Important Note : Do not lean or stand on roof during assembly this is not a load bearing.**
- If there are any technical queries with the product, please contact our customer help line on 0333 7777 089 between the hours of 8.30 am and 5.00 pm Monday to Friday.

2

Once the sides are fixed to the floor attach the boards so that they are in line with the boards on the left and right hand side and secure using two 30mm screws at each end as shown

3

Place the log store roof on top of the structure so that the overhang is at the front.

Fix in place using 2x50mm screws for each side, screwing into the batten underneath.
