

ROBLE COLLECTION

10 YEAR WARRANTY

Our Roble collection provides some of the most beautiful garden furniture available in a selection of contemporary and traditional designs. Whether you prefer precise angles or traditional classic designs, you will find the perfect piece of furniture to compliment any outside space.

Manufactured in our own factory in Bolivia, this timber is extremely durable. It has a smooth lustre, with a closely interlocked light yellow grain. Our Roble is FSC® 100%.

MAINTENANCE

If left untreated Roble will mellow to a beautiful silver/grey appearance. The Timber Protector will keep it close to Roble's original colour and add a soft gloss.

Another option to enhance the natural appearance of Roble is to use our Timber Treatment followed by the Sealer; this will give the wood a darker and richer appearance.

Comes with a 10 year warranty and 25 year durability.

BLACK SPOTTING

Black spotting can occur through tannic acid which is present in the timber or by natural airborne spores. Should this happen to your furniture which is not unusual, it will not affect the strength, durability or quality of the wood, it's not a manufacturing defect and is purely cosmetic which can easily be removed by applying a mould remover such as Dettol or Cillit Bang which is available at all supermarkets and hardware stores. Remove using a thin bristle brush until the spots have vanished. Do not use soapy water to clean black spotting
