

# RECTANGULAR PLANTERS

# NORLOG UK

## ASSEMBLY INSTRUCTIONS

Fig. 1

Fig. 2

### THE RECTANGULAR PLANTER consists of:-

- 4 x half thickness logs
- 8 x double sided notch whole logs (size 1)
- 10 x double sided notch whole logs (size 2)

1. Put the 2 half thickness logs down in the position shown. Slot 2 of the double sided notch whole logs into place to complete the base. (see Fig. 1)
2. Continue to slot the double sided notch whole logs into position until all the double sided notch whole logs are in place. (see Fig 2.)

#### NOTE

Due to the freshness of the timber you may need to tap some of the logs down to fully seat them, if so please use a rubber mallet or a hammer with a piece of timber on top of the log to protect it.

3. Put the remaining 2 half logs across the top and your planter is complete. (see Fig 2.)
